

10

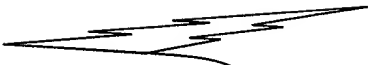

FIG. 1 is a schematic diagram of a system 10 for providing a list of names to a user. The system 10 includes a server 60, a first mobile device 20, a second mobile device 30, a desktop computer 50, and a PDA 40. The server 60 is connected to the first mobile device 20, the second mobile device 30, the desktop computer 50, and the PDA 40. The first mobile device 20, the second mobile device 30, and the PDA 40 display a list of names (Bill, Joe, Jane, Bob) on their screens. The desktop computer 50 also displays the list of names on its monitor. The system 10 is configured to provide the list of names to the user via the mobile devices or the desktop computer.
